X-MIND® Prime is a smart space-saving solution, providing high-technology capabilities and simplicity of use. This ingenious unit offers all essential diagnostic tools in a cost effective package.

X-MIND® Prime offers a full set of panoramic exams tailored to meet all your clinical applications. It provides all the panoramic exams required for general dentistry: dental panoramic, temporomandibular joints, sinuses.

X-MIND® Prime is a complete imaging solution combining panoramic and 3D X-rays, from general examination to specific treatment planning.

X-MIND® Prime 3D offers a multitude of acquisition programs thanks to its multiple FOV (50x50mm, 85x50mm, and 85x93mm). Once you select the region of interest of the examination, the settings and dose are automatically adjusted.

*X-MIND® Prime is currently unavailable in Canada
