I AM VERSATILE

AIR N GO EASY

All clinical applications are easy with the all-in-one air polisher

ACTEON
A single handpiece to cover a range of care and treatment

**AIR-N-GO® easy** combines essential functions and reliability:
- Fast start-up: direct connection to the high speed handpiece connector
- 360° swivel handpiece for fast and accurate treatment
- Parts can be dismantled for easy cleaning

**4 Nozzles for Treatment**
- Sodium bicarbonate "CLASSIC" powders
- Glycine "PERIO" powder

**SIMPLE AIR POLISHING**

**DUAL FUNCTIONS**

- "**SUPRA** function" for supragingival polishing and stain removal
- "**PERIO** function" for subgingival polishing, periodontal maintenance and peri-implant treatments
A COMPLETE SOLUTION FOR IMPLANT MAINTENANCE

NEWTRON®

IMPLANT PROTECT TIP KIT

AIR-N-GO® EASY + PERIO EASY KIT

Contact ACTEON for a Detailed Implant Maintenance Protocol
AIR-N-GO® nozzles provide continuous, accurate and controlled spray. These nozzles offer power and efficiency for the removal of supra and subgingival biofilm.

**AIR-N-GO® SUPRA NOZZLE** *(standard)*

- Suitable for any supra-gingival prophylactic treatment in combination with AIR-N-GO® "CLASSIC" powder

**AIR-N-GO® PERIO easy NOZZLE** *(optional Perio easy kit)*

- Innovative design in a "shoehorn" shape providing easy sub-gingival insertion
- For non-surgical, sub-gingival treatment of teeth and implants

**AIR-N-GO® PERIO MAINTENANCE NOZZLE** *(optional)*

- Reduced consumption of AIR-N-GO® "PERIO" fine powder particles supragingivally
- For use on implants and appliances

**AIR-N-GO® PERIO NOZZLE** *(optional)*

- Sub-gingival use for surgical and non-surgical treatments (tunnelling and open flaps)
- Powerful double lateral spray
- For use on implants
Complete range of active supragingival powders
• Cleaning provides instant results
• Remove stains and bacterial plaque, even in areas that are difficult to access such as pits and fissures
• Better patient comfort: gentle and efficient with limited bleeding during treatment

5 fresh flavors based on 100% natural aromas or essential oils:
Neutral, Cola, Raspberry, Peppermint and Lemon

Natural glycine-based
• Low abrasiveness preserving the treated surfaces and the most fragile anatomical areas
• Clinically proven to decrease biofilm subgingivally
• Safe to use on any implant surface
